## Welcome

Welcome to the first newsletter of the **12th FJC Rogers Seminar** which will be held in Horsham and hosted jointly by the **Australian Plants Society Grampians Inc. and Wimmera Growers of Australian Plants Inc.**, on behalf of the **Australian Plants Society Victoria Inc.**

The Seminar will focus on the wonderful **Goodeniaceae** family, with Saturday Presentations, Plant and Book Sales, Dinner and an after Dinner Speaker, followed by Sunday Garden Visits and Plant Sales. From now on, we will be sending out regular newsletters detailing our program, and keeping you up to date. We will be accepting registrations from 1st April 2018.

If you know of someone who is not already on our email list and would like to be, you can contact us on:

- email [fjcrogersseminar2018@gmail.com](mailto:fjcrogersseminar2018@gmail.com)
- or ring me **Royce Raleigh 03 53836200**

<b>APS Vic Representative:</b>	Bob Artis

## Dates

**Saturday 20 October, 2018**  
**Presentations, Plant Sales & Dinner**

**Sunday 21 October, 2018**  
**Coach Tour - Garden Visits**

## Venue for Saturday 20 October 2018

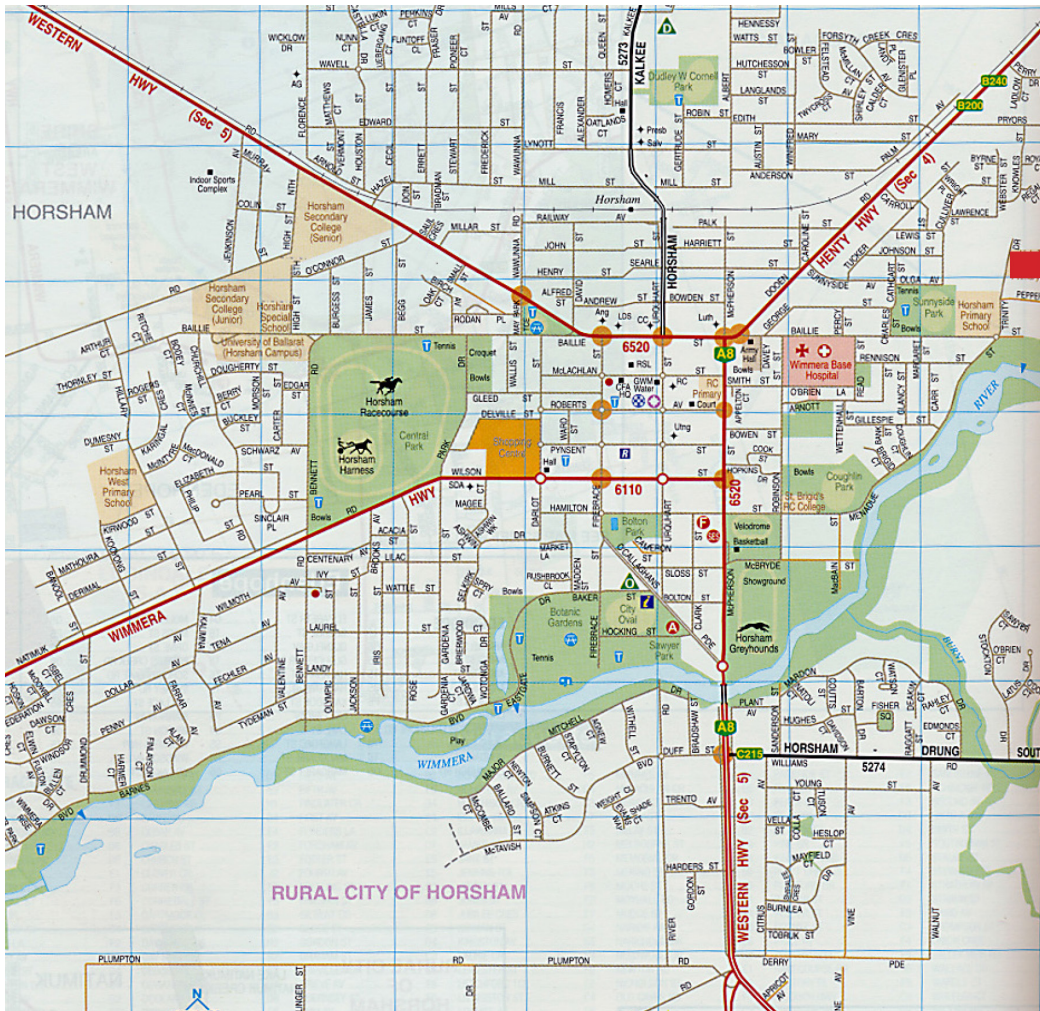

The Saturday proceedings and the evening dinner of the 12th FJC Rogers Seminar, will be held at the Holy Trinity Lutheran College, 25 Trinity Drive, Horsham.

The hall seats up to 600 people for the day proceedings and 400 for the evening dinner. It has full disability access to all areas.

Immediately outside the hall is a large courtyard suitable for having lunches and teas. Part of the courtyard is covered and this is where the plant sales will take place.

There will be ample parking close by in designated car parks, street parking and weather permitting, on the sports oval. All parking is free.

Holy Trinity Lutheran College, 25 Trinity Drive, Horsham

## Registrations

### Dates for Registration

Registrations open: **1 April 2018**

Early Bird Discount: **1 April to 30 July 2018**

Registrations close: **1 October 2018**

**Registration forms** will be available in the March issue of Australian Plants Society Vic "Growing Australian" or from late March they will be available online to download from the FJC Rogers Seminar 2018 website:

- <https://apsvic.org.au/fjc-rogers-seminar/> or
- Email: [fjcrogersseminar2018@gmail.com](mailto:fjcrogersseminar2018@gmail.com)

Registration forms will also be emailed out with the April newsletter.

### Types of Registration

Participants will be able to register for any of the three or all components listed below:

**Saturday Seminar Proceedings:** includes presentations, teas/lunch and series of Photo-guides of Goodeniaceae on a USB memory stick.

**Saturday Dinner:** includes evening meal, tea and coffee. BYO drinks. After Dinner Speaker.

**Sunday Garden Visits by coach:** includes coach tour to all gardens, teas and lunch.

**Registrations will not be accepted until full payment is received.** All details and costings will be on the registration forms.

## Plant Sales

Australian Plants Society Grampians Inc. and Wimmera Growers of Australian Plants Inc are propagating as many species of Goodeniaceae as possible with the aim of greatly increasing the range in people's gardens. These plants, which will be very reasonably priced, will be available for sale at the 12th FJC Rogers Seminar on Goodeniaceae.

However, we are still seeking many more species. It would be greatly appreciated, if you can provide us with

propagating material. We are willing to cover any postage costs.

If you have any such material please contact:

- Phone: **Royce Raleigh 03 5383 6200**
- Email [fjcrogersseminar2018@gmail.com](mailto:fjcrogersseminar2018@gmail.com) with your list of species.

## Wanted - Photos for Photo-guides

We are seeking photographs for the production of a series of photo-guides of Goodeniaceae.

We are particularly looking for species of Goodeniaceae from your local area. Those species, which are growing in your garden will be acceptable also. All photos must state where they have been taken. We need to identify whether they are growing in their natural habitat, or in cultivation.

Requirements for photos for the FJC Rogers Seminar 2018 photo-guides

1. Must be originals and not cropped
2. Highest resolution possible
3. High quality - in focus and good depth of field
4. Showing features of the plant useful for identification, eg flowers, leaves, stems and/or shrub (may be several photos of the same plant)
5. All photos must be correctly named ie Genus and species

6. All photos must have the photographers name and where taken.
7. Photos taken in their natural habitat would be preferred
8. Photos will only be used for the 12th FJC Rogers Seminar 2018 - Goodeniaceae
9. Not all photos will be used due to duplication of species. Only those that best fit the criteria will be chosen
10. No photos will be passed onto any other person or organisation without the photographers permission
11. All photographers will be duly acknowledged

If anyone has any photos that may meet the criteria, we would appreciate copies as soon as possible. Please notify us about your photos:

- Email: [fjcrogersseminar2018@gmail.com](mailto:fjcrogersseminar2018@gmail.com)
- Post: **FJC Rogers Seminar, C/O WGAP, PO Box 533, Horsham, Vic, 3402.**
